District Manager

Transportation Committee Meeting Minutes

Thursday, November 17, 2022

Lisa Sanchez, Committee Chairperson

The Transportation committee hosted a presentation from Street Lab, which presented to the board on their work with PS32. The organization works with DOE to identify schools in need of outdoor and physical programming, and began a partnership with PS32 this year. StreetLab works with school staff and students to create outdoor activities, including an open street with interactive games and a workshop. The group also leads regular morning walks around the school with staff and students, using music and physical activity to engage with students.
