The Sanitation Committee discussed the following information:

- **Discussion on the Sanitation Related Complaints**

The Sanitation Committee was informed the sanitation related complaints the community board received. The Sanitation Committee was informed that there are dirty sidewalk conditions Bronx Park Avenue between East 180th Street and Lebanon Street and Crossbronx Expressway Service Road between Webster Avenue and Park Avenue. The New York City Department of Sanitation was able to service these locations, but informed us that they have experienced substantial budget cuts recently, particularly affecting their cleaning funds and unable to allocate as much attention to their usual areas. While these location remains part of their rotation, it won't receive the same frequency of service as before. To assist and take action, the Sanitation Committee has decided to conduct clean-ups in these areas of the district in the near future.
