5. Committee Discussion of Two Resolutions for Safety Improvements on Sedgwick Avenue

Continuance of the November agenda item. The committee will review two resolutions (see below) regarding the intersection of Van Cortlandt Avenue West and Sedgwick Avenue and Sedgwick Avenue between Van Cortlandt Avenue West and Giles Place.

6. Committee Discussion of Safety Improvements on Bailey Avenue

Last month the committee heard from the community on safety concerns which are causing the high rate of injuries from automobile crashes on Bailey Avenue. These causes include speeding, double-parked cars and turning cars at intersections. These conditions are further causing bikes and e-scooters to ride on the sidewalk. The intersections of Van Cortlandt Avenue South, West 238th Street, West 230th and West 225th were cited as the most dangerous. The committee will discuss next steps at the December meeting.
