**Concerts  
in Motion**

**Concerts in Motion, Friday June 5, 2026 | 2 PM**

Our mission is to alleviate social isolation through music and engagement, and therefore, our concerts are designed to encourage conversation and connection. Each concert is personalized to bring each community we reach the music they love the most. Our roster of professional musicians collectively performs 20+ genres of music and speaks 27 languages. All musicians are trained in Person-Centered, Trauma-Informed Care so that they are equipped to create a safe space where audience members can ask questions and share anything that the music may bring up for them. We collect feedback from staff and participants after each concert, focusing on their feelings of connection.
