Chair Ed Green called the meeting to order **at 7:07pm**

1. Introduction of Committee Members and Guests

Roll call of committee members. Committee members introduced themselves.

2. Approval of the May 19th and June 16th, 2026, Public Safety Committee Minutes

The May 19th and June 16th Public Safety Committee minutes were unanimously approved.

3. Guest Speaker: Bronx District Attorney – Discussion on Auto Parts Theft

Jessica Lupo, a representative of the Bronx District Attorney's Auto Theft Division presented. A question-and-answer session followed. Topics discussed:

- Most auto theft crimes in the BXC8 area are committed by a coordinated criminal enterprise and are not random acts of theft.
- Thieves steal airbags in approximately 20 seconds and catalytic converters in 1 minute or less, as evidenced by surveillance camera videos.
- The criminals wear masks and gloves, so no DNA is left at crime scenes.
- These types of auto theft crimes are not bail eligible, so when perpetrators get arrested they're typically released immediately and back on the streets committing similar crimes.
- DA stated legislative measures are the only way to change bail reform laws. Guest stated the Governor and Elected Officials should be lobbied if people want change.
- Committee member inquired about a highly publicized case where 25 members of an organized auto parts theft ring were arrested last year. DA stated the case is ongoing, but all 25 have been released from custody.
- Residents are recommended to get wheel locks or park their cars close to a curb with the wheels turned inward towards the curb, which can make wheel theft more difficult and serve as a deterrent to thieves.
- Committee member suggested garage shops that buy stolen car parts should be audited, which could deter shops from buying stolen car parts from criminals. DA stated garage shops are sometimes inspected by the Department of Motor Vehicles (DMV) and the NYPD, but these inspections are civil or business related, not criminal.

4. NYPD Report (**See attached NYPD CompStat report, Traffic report, Quality of Life Team report*)

Commanding Officer Captain Oktrova read the NYPD CompStat report. Issues discussed:

- 13-year-old girl raped in Van Cortlandt Park by Broadway & 262nd Street in June. Suspect arrested.
- 56-year-old woman placed in a chokehold, robbed of her purse, and sexually assaulted on July 12th across from 6661 Broadway. Suspect and victim knew each other. Suspect arrested.
- Committee member inquired about a surveillance camera at 262nd & Broadway being out of service. 50th Precinct stated the camera has been repaired and is currently working properly.
- Mini mart inside a gas station at 6571 Broadway was robbed at gunpoint on July 4th at 3:45pm. Suspect used a bicycle to flee the scene. Under investigation. No arrest made.
- Meeting held with Elected Officials, Bronx Borough President, Parks Department, NYPD & Bronx Community Board 8 Representatives over the summer to discuss various incidents at Broadway and 262nd Street. Discussion included concerns about a Men's homeless shelter opening in the area and a lack of Parks Enforcement Patrol officers for Van Cortlandt Park. VCP needing a PEP command center similar to Prospect Park was suggested.
- 36-year-old man slashed in the arm and hospitalized during a robbery in July at 7:40pm near the corner of Broadway and Van Cortlandt Park South. Two suspects stole his gold chain and fled on a moped. Suspects wearing all black. 50th Precinct stated one crew is responsible for many of these robberies occurring in the area. Ongoing investigation.
- Board member complaint about streetlights being out of service at the end of "Snake Road" by the dead end of Post Road. Reports of men consistently urinating along the side of the road, people coming out of the bushes, and people living in the bushes in the area. 50th Precinct will investigate.
- Resident concerned about restroom being erected on Broadway & 252nd Street in Van Cortlandt Park. Concerns about drug use, sexual activity, homelessness and overall safety were expressed to the Board via email.
- Resident complaints about panhandling in the business corridor along Riverdale Avenue and 238th Street. Panhandlers harassing customers in outdoor seating areas.

- Resident complaint about a pregnant woman regularly begging for money in front of Dunkin Donuts at the Skyview Shopping Center, accompanied by an 11- or 12-year-old boy and a man that openly uses drugs. Resident stated the woman was observed verbally and physically abusing the child on various occasions. Resident stated the woman punched the child multiple times, knocked him to the ground and the child was crying and begging her to stop. Resident states police were called, the woman and child were questioned, but the child denied the allegations and the woman was allowed to leave without being arrested.
- 15-year-old killed by gunshot at 197th Street and Claflin Avenue in August. A 16-year-old was arrested for the shooting.
- Resident complaints about cars street racing and doing donuts on Independence Avenue and Palisades Avenue. Resident states Kappock Street from Palisade to Independence has become a drag strip and the noise of loud cars and screeching tires is unbearable for residents. No building cameras in the area. Surveillance camera requested.
- Concerns about potential “teen takeovers” discussed. Large gatherings turned violent have been occurring in other communities in NY. 50th Precinct monitors social media platforms to detect any potential organization of these type of events.
- Board member raised concern about Flock Safety Cameras operating in BXC8 district. 50th Precinct stated they do not use Flock cameras for any type of monitoring, surveillance or data gathering and the NYPD has no contract with Flock the Precinct is aware of.
- Firearm Discharge Reporting bill Int. No. 0935-2026, co-sponsored by NYC Council Member Eric Dinowitz, was discussed. Bill requires NYPD to report the number of confirmed firearm discharges quarterly, including date, time, and location of each discharge. Committee would like to monitor monthly statistics. Are the statistics available for public viewing? If not, can the committee get this information from the 50th Precinct at our Public Safety meeting? 50th unaware of the bill but states 23 shots have been fired this year. Committee will follow up with Councilman Dinowitz’s office to get more details about status of the legislation.
- Scams on the elderly via phone and computer are increasing. Elderly residents are being scammed into revealing personal information that leads to identity theft and scammers robbing them of large sums of money, sometimes their entire life savings.
- 5 arrests for excessive noise at Jerome Avenue and Gun Hill Road. Speakers confiscated. 12 criminal court summons issued.
- Assault at the C-Town on Mosholu Avenue on 9/11/26. Ongoing investigation. No arrests.
- Committee member reported homeless people lurking around Claflin & Webb Avenue, breaking into mailboxes, area littered with drug paraphernalia.
- 28 new Officers were added to the 50th Precinct but the precinct lost a lot of personnel, so they essentially have the same number of officers as they did last year at this time.
- Resident expressed concerns about youths drinking and using drugs in Bailey Park and suggested the park gates be locked after 11pm.

5. FDNY Report (**See attached FDNY statistical report*)

No representative from FDNY was available to present a report. FDNY, via email, stated a representative would be available for October’s Public Safety Committee meeting.

Committee Chair summarized the FDNY statistical report for August, emailed by FDNY:

The Bronx had 436 fires, CB8 had 23 fires, a reduction of 20.7% compared to last year with a response time of 5 min 45 sec.

The Bronx had 6412 emergency runs (EMS). CB8 had 262 calls, a reduction of 18.9% compared to last year with a response time of 6 min 48 sec.

6. New York State Liquor Authority: Renewal Applications

Cote Wine Bar, located at 5639 Mosholu Avenue, applied to the Public Safety Committee to renew their liquor license.

Representatives of NYPD's 50th Precinct stated they were unaware of any prior significant disturbances or complaints at the location of this establishment.

The Public Safety Committee unanimously voted to approve this application.

Approve in favor (11): M. Courtney, N. Fazio, A. Feldmeier, E. Green, Z. Sesay-Harrel, D. Harris, L. Levine-Pineda, A. Medina, A. Ortega, L. Spalter, K. Walker

Opposed: 0

7. New York State Liquor Authority: New Applications

Ariela Tavares, Sergio Mira & Eliza Romero Viera, representatives of Sergieli Inc, located at 6025 Broadway, appeared before the Public Safety Committee to apply for a new liquor license and temporary retail permit.

The business is presently called Sante Fe Grille & Bar; the current owners are retiring and the new prospective owners plan to own and operate the business.

The new owners plan to keep the business as a Mexican Restaurant and are currently undecided on a permanent trade name.

The applicant signed a 2AM closing agreement for their first year of operation.

The Public Safety Committee unanimously voted to approve this application.

Approve in favor (11): M. Courtney, N. Fazio, A. Feldmeier, E. Green, Z. Sesay-Harrel, D. Harris, A. Medina, A. Ortega, L. Levine-Pineda, L. Spalter, K. Walker

Abstained: 0

Julio Rosiaro & Ada Y Gomez, representatives of The Newk Bar and Grille Corp, located at 170 W 231st Street, appeared before the Public Safety Committee to apply for a new liquor license and temporary retail permit.

The business is presently called Bronx Public, Ada Y Gomez will become a new partner, and the trade name will remain Bronx Public.

The partners of this business decided to apply for a new application rather than a corporate change.

The applicant signed a 2AM closing agreement for their first year of operation.

The Public Safety Committee unanimously voted to approve this application.

Approve in favor (11): M. Courtney, N. Fazio, A. Feldmeier, E. Green, Z. Sesay-Harrel, D. Harris, A. Medina, A. Ortega, L. Levine-Pineda, L. Spalter, K. Walker

8. Old Business

Domestic Violence: Prevention, survivor support, coordination with city services, and community education.

According to data compiled by the NYPD's Patrol Services Bureau, the offices of the city's five district attorneys declined to prosecute 938 cases in the last three months of 2025 because victims failed to cooperate. 855 of those 938 cases, or 88%, were in the Bronx. About 60% of the Bronx tally involved domestic violence cases that fell apart.

Domestic violence (DV) is a public-health and public-safety issue that can be addressed through prevention, survivor support, coordination with city services, and community education.

The committee seeks practical, evidence-based actions, organized by role (prevention, response, policy, and partnership), with concrete steps, measurable goals, and local resource connections. Committee goals include:

- **Create and publicize a clear referral map** listing 24/7 hotlines, local shelters, legal services, and culturally specific providers; post map on the board website, community centers, libraries, and clinics. **Goal:** One-page referral map available in English and Spanish within 60 days.
- **Partner with NYC agencies** (NYC Mayor's Office to End Domestic and Gender-Based Violence, NYC Health + Hospitals, NYPD Domestic Violence Unit) to ensure up-to-date contacts and warm-handoff protocols. **Goal:** Formal contact list and single point of contact for referrals.
- **Advocate for funding and services** by lobbying city and borough offices for increased shelter capacity, culturally competent counseling, and legal services targeted to CB8 neighborhoods. **Goal:** a written funding request and meeting with the Borough President's office within 90 days.
- **Push for data sharing and local DV incident mapping** (while protecting survivor privacy) so the board can identify hotspots and service gaps. **Goal:** Quarterly summary briefings with anonymized data from NYPD and city agencies.

How to measure impact:

- Referrals made to DV services each month
- Funding secured for DV services

Local resources and partners to contact:

- **NYC Mayor's Office to End Domestic and Gender-Based Violence** for citywide programs and funding.
- **NYC Health + Hospitals** and local clinics for trauma-informed medical care.
- **Legal Aid Society / Bronx legal services** for orders of protection and family law help.

- **Local shelters and DV nonprofits** (partner with Bronx-based organizations that provide culturally specific services).

October is Domestic Violence Awareness Month. Committee will look for an appropriate speaker to provide information at the October 20th Public Safety Committee meeting.

9. New Business

Discussion: Overview of unresolved public safety issues in our community and planning to reach obtainable goals for 2026/27.

Bronx Community Board 8 received a letter from the Office of Cannabis Management stating they approved a cannabis license at 574 West 235th Street, an application the Board recommended for disapproval.

The Board received letters from Horace Mann School & Riverdale Main Streets Alliance in opposition to a proposed cannabis retail business at 4686 Manhattan College Parkway. The application is currently pending with OCM after the Board recommended disapproval.

Concerns expressed about nightclubs persistently disrupting neighborhoods with noise and illegal activity. Years of 311 & 911 calls, numerous resident complaints, and Board resolutions recommending liquor license renewal applications be disapproved have failed to convince SLA to disapprove certain liquor license applications.

Committee concerned that City and State agencies do not take community board recommendations into consideration, as evidenced by OCM's recent decision to reject the board's advice, and the decisions of other agencies like DOT and SLA to ignore many board recommendations.

The committee would like clarification from agency heads and elected officials on what recourse the Community Board and neighborhood residents have when State oversight fails to adequately consider local input.

Committee concerned about NYPD's lack of towing capacity and funding dedicated to address abandoned vehicles. Committee will seek and advocate for funding and resources.

Chair asked the committee to collect public safety related social media content and share with the Board office monthly. Photographs and videos were encouraged. Content will be used for information sharing, community education and engagement.

Raising awareness of public safety issues affecting the community will hopefully encourage people to report crime and quality of life issues to 911, 311, Bronx Community Board 8 and the 50th Precinct.

Auto theft, increased gun violence, criminal recidivism, noise and other quality of life complaints were also mentioned as main areas of concern for the Public Safety Committee to focus on during the year.

10. Adjournment

The meeting was adjourned at 9:08pm
