Minutes:

The committee was called to order on Thursday, September 17, 2015 by Chair Arlene Feldmeier. A quorum was present.

The meeting opened with a presentation from the NYC Office of Emergency Management about being prepared for emergencies including hurricanes and

other weather-related emergencies, loss of electricity and/or water or other emergencies.

The minutes for the August meeting were approved unanimously, with a minor amendment by Robert Press.

Chair Feldmeier announced a Health & Wellness Block Party on September 26th on Reservoir Avenue between University Avenue and 197th Street from 11:00 a.m. to 5:00 p.m.

She said that a letter she proposed to extend the Vision Zero pedestrian safety program to school areas (see minutes of August meeting) was being reviewed with the inclusion of the chairs of the Traffic and Transit Committee and the Education Committees.

She noted the advent of synthetic marijuana, a new and dangerous drug, and asked committee members and the public to come up with ideas for programs to alert the community and its children to the dangers of the drug. She said that there was some money available from the Community Board for relevant programs.

The police report showed a year-to-date increase in major crime categories of 3.7%, 644 major crimes this year versus 621 last year. A community resident noted a specific incident of a young man robbing people in Starbuck's and that he seemed to be always freed after being arrested. The police reported that he has been sent to a drug rehab program and had not been in trouble lately.

Several community members spoke to the problem of homelessness in Ewen Park. The police advised calling 311 and asking for Homeless Services to be directed to the homeless person or persons. The police representative suggested leaving a phone number when calling 311 or 911 for possible follow-up on the report, either for further information or for a report on the disposition of the case. Community residents also spoke of marijuana smoking in the area.

Licenses:

Palace of Japan, 3505 Johnson Av, and Fenwick's, 432 West 238 Street, applied for renewal of full licenses. Madden's will move into 5757 Broadway (the former Bridge Bar) and is extensively renovating the locale, including enlarging the windows. The new owners stated that they have no connection with the former owners and that they hoped to open in December. They were told of the Community Board policy of closure at 2:00 a.m. for the first year. They said they would ask about the possibility of a shorter time frame for that.

The discussion on Fenwick's led to an extensive discussion of a side issue, privacy, and how long Fenwick's would keep computerized records, including

pictures, it makes of patrons. David Gellman raised the issue. The Police asked it be kept at least a day, citing the possible example of a woman leaving with someone she met who later assaulted her. Police said it was good to be able to go back to a location and retrieve the identification. After some discussion, Fenwick's said they would keep the information for a day or two and then erase it.

The licenses were all approved unanimously, with a 2:00 a.m. stipulation for Madden's.

The meeting ended at 9:05 p.m.
