PUBLIC SAFETY RESOLUTION
SUPPORT FOR PRISCILLA'S LAW (CITY COUNCIL INTRO BILL 606)
January 21, 2025

WHEREAS, there has been a massive increase in e-bike ridership since their legalization in 2020, NYC Councilmember Robert Holden has introduced Priscilla's Law (Intro Bill 606) sponsored by 29 Councilmembers, including Councilman Eric Dinowitz, and is supported by NYC Mayor Eric Adams and the NYC E-Vehicle Safety Alliance.

WHEREAS, Priscilla's Law (Intro Bill 606) is *"a Local Law to amend the administrative code of the city of New York, in relation to requiring that every bicycle with electric assist, electric scooter and other motorized vehicle be licensed and registered by DOT and receive an identifying number which would be displayed on a visible plate affixed to the vehicle."* (Medical mobility scooters are exempt).

WHEREAS, the law is named after Priscilla Loke, a beloved 68-year-old Chinatown advocate, who was run down and killed by an e-biker as she walked to work in Chinatown in September of 2023.

WHEREAS, Bronx Community Board 8 Public Safety Committee has received persistent resident complaints about speeding e-bikes and scooters operating recklessly on sidewalks, running red lights, ignoring crosswalks, and going the wrong way down one-way streets, creating dangerous conditions for motorists and pedestrians.

WHEREAS, the 50th Precinct has reported that e-bikes have been used in Van Cortlandt Park and elsewhere to facilitate robberies and other criminal activity and registration can assist Park PEP officers to identify law-breakers.

WHEREAS, in 2024, 13 people died from crashes in NYC involving e-bikes and e-scooters, and 48 people have died in crashes since the City Council legalized e-bikes and scooters in 2020, as per city data (NYC Crash Mapper).

WHEREAS, the Consumer Product Safety Commission reports that e-bikes and scooters disobeying traffic laws led to nearly 250,000 emergency room visits and 215 deaths nationwide between 2017 and 2022.

WHEREAS, surveillance cameras can record images of e-bike license plates, making often dangerous police chases unnecessary, and traffic violations easier to enforce.

WHEREAS, data from other countries and cities indicate that when motorized transportation devices are registered, licensed and insured - fatalities and injuries decrease dramatically (ex. 29% fewer deaths, 64% fewer crashes in Denmark).

WHEREAS, sponsors of the bill state that e-bike batteries have been responsible for over 735 battery fires resulting in 500 injuries and 30 deaths since 2019, and mandatory licensing and registration would help identify owners of e-bikes involved in fires.

WHEREAS, the Bronx Community Board 8 Public Safety Committee believes Priscilla's Law (Intro Bill 606) will improve Public Safety by providing accountability, serve as a deterrent to reckless traffic violators, and prevent numerous injuries and fatalities.

THEREFORE, BE IT RESOLVED, Bronx Community Board 8 supports Priscilla's Law, urges the New York City Council to pass Intro Bill 606, and requests funds be allocated in the city budget to provide resources necessary for its implementation and enforcement.
