1. Welcome & Introduction of Housing Chair and Committee Members

2. Roll Call

3. Approval of Minutes of Meeting of September 18, 2025 & June 23, 2025

Postponed until November 24, 2025 committee meeting.

4. Discussion with Jovan Ellis of [Center for NYC Neighborhoods \(CNYCN\)](#) on the following:

- Brief overview of the services CNYCN offers (including the HomeFix Program)
- General: how is CNYCN funded, and how does the funding affect the services it offers?
- Foreclosure prevention: what options might a homeowner have if they already face foreclosure?
- How do you help homeowners avoid foreclosure scams?
- Rehabs and Retrofits: Do you provide guidance and resources for homeowners who need to comply with the local laws re: energy efficiency and other upgrades? Do you provide assistance/resources to help homeowners vet out the proper contractors for home repairs, etc.?
- Advocacy/policy: What policy goals are you currently supporting to promote affordable homeownership?

First and foremost, Center for NYC Neighborhoods or CNYCN for short is a non-profit organization that has been promoting and protecting affordable homeownership for New Yorkers since its founding in 2008. Guest speaker and Help Desk Program Manager, Jovan Ellis spoke about the various programs that CNYCN offers with a specific focus on programs that cater to homeowners of 1-4 family homes. These programs include Clean Energy, Resilient Retrofit, Flood Help NY, and HomeFix, just to name a few. Jovan also spoke about how

to recognize foreclosure scams and how the organization helps to prevent them. Likewise, how does the organization support homeowners who are at risk of losing their homes or whose homes are in need of maintenance and weatherization, etc.? Individuals in need of services can apply to the aforementioned programs by referring to the website. Contact information is provided below. For a more comprehensive overview of the presentation from tonight's Housing Committee meeting, please refer to the attached slide deck and the recording.

5. **Question and Answer Session**

Some of the questions from the session include:

What was the fastest turnaround from application to funding for people who have used the services of CNYCN? (**Answer:** possibly less than a year); How long is the application? (**Answer:** 5-6 pages); Are the deadlines to apply for the different programs? (**Answer:** no); Is a person able to double dip if they could benefit from the multiple programs such as Clean Energy, Resilient Retrofit and Flood Help NY? (**Answer:** yes). For more information about www.cnycn.org, feel free to contact (646)786-0888, (855) 466-3456 or 311 and ask for Center for NYC Neighborhoods.

6. **VOTE: Resolution in Support of the Tenants Opportunity to Purchase Act (TOPA)**

Because we did not have a quorum, we plan to postpone the resolution.

7. **Chair's Report**

NYC has released the final [Where We Live NYC 2025](#), which is a 5-year roadmap to advance fair housing through 2030 by focusing on six goal areas. Please click on the link for more information. The six goal areas for all five boroughs include:

- Fighting discrimination
- Building more housing
- Protecting affordable housing
- Increasing tenant choice
- Expanding accessibility and
- Improving Neglected areas

Resilient Retrofits

- A program to protect your home from **future flood damage, storm damage**, and **improve energy efficiency**.
- Up to \$50,000 per home, for 1-4 family homes in NY
- Half the loan is an amortizing loan (3% interest) repayable over 5-10 years
- The other half of the loan is deferred (0% interest & no payments) and forgiven if you stay in the home for the loan term
- At least 50% of Resilient Retrofits funds must be used for flood resiliency work
- Income Limit: up to 120% of area median income

What are Resilient Retrofits?

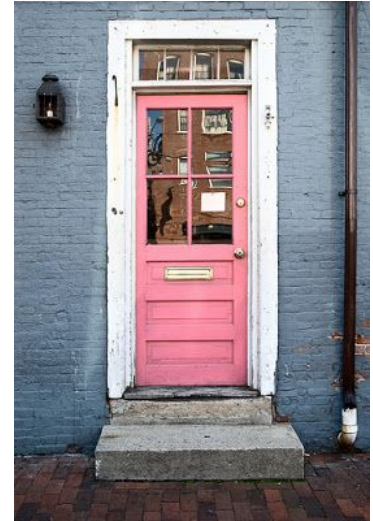

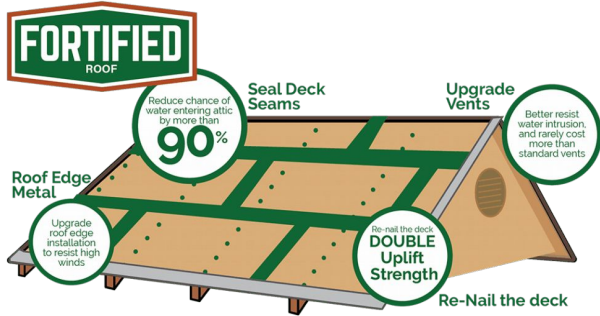

Keep Water Out – Sump Pumps and Backwater Valves

What are Resilient Retrofits?

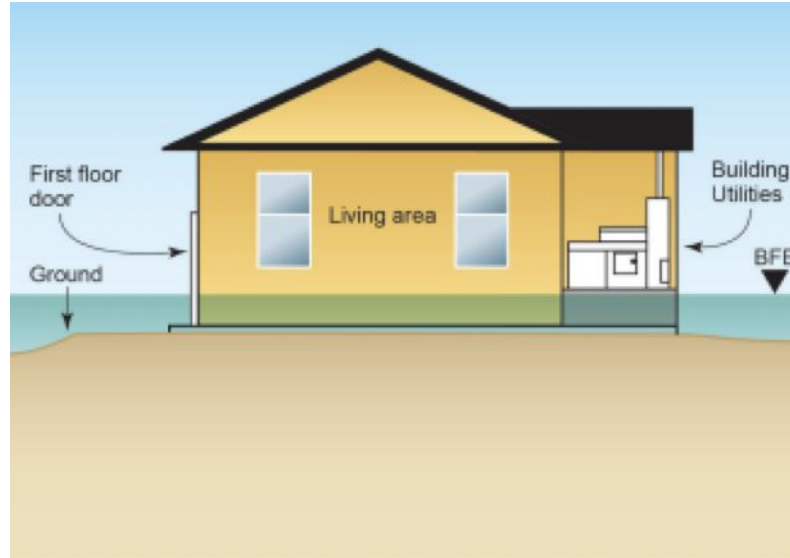

Waterproofing — Keep Water Out, Prevent Mold, and Prevent Flooding

What are Resilient Retrofits?

Roof, Window, and Door Replacement

What are Resilient Retrofits?

Moving your Boiler (or a new Boiler) upstairs can be a qualified expense!

Individual Applications

- The Resilient Retrofits program is currently designated for individual applications, but not shared or joint applications
- The program term sheet applies to applications that can stand alone where the full scope of work can be completed with one applicant
- The Resilient Retrofits program is exploring internally, and in the possible event funding is identified in the future for shared or joint applications, will make a public announcement
- We want to achieve success with each homeowner separately so that any individual issues such as clouded title, repayment problems, or contractor disputes do not block neighbors from successful project completion

How to Apply

- The Resilient Retrofits program is open to applicants now!
- Visit our table to fill out an application, view our lookbook, and take home a flyer
- Go to sustainableneighborhoodsnyc.org/#lending or call us at (646) 786-0888 to learn more
