GENERAL INFORMATION

Bronx Community Board 8 (BX CB8) compiled the information contained in this Parks Resource Guide from a variety of sources as a convenient way for our residents to learn about our parks, outdoor recreation and groups that support these resources. While we strive to make the information accurate, we cannot guarantee the accuracy or completeness of the content. Keep in mind that providers, services, hours of operation, regulations, phone numbers and other details will change over time. Listings in this Guide do not signify endorsements.

Help us keep the Guide accurate and up to date by letting the Board Office know of any needed corrections, updates, or local groups that may be of interest. We plan to update the Parks Resource Guide on an occasional basis, and the most up-to-date version will be available to view, download and print from our website.

Dear Neighbor:

We are pleased to bring you this Parks Resource Guide for residents of Fieldston, Kingsbridge, Kingsbridge Heights, Marble Hill, Riverdale, Spuyten Duyvil, and Van Cortlandt Village, the neighborhoods that are within the district of Bronx Community Board 8.

Bronx Community Board 8 serves to improve the quality of life in our community district. The Community Board is a vital liaison and advocate for the community in dealing with New York City government, elected officials, municipal service delivery, land use and zoning issues, community and business development, the City budget and many other matters relating to the community's health, safety and welfare. The Board and its committees meet regularly.

Bronx Community Board 8 (BX CB8) is home to many parks, user groups, and organizations. The CB8 Parks Resource Guide brings together information and resources that will help residents of Community Board 8 enjoy and support their local parks.

The Parks and Recreation Committee reviews capital projects in our community parks, as well as other parks matters that affect community residents. We advocate on behalf of our parks with respect to budget requests. We represent the community's interests with regard to parks issues and act as a liaison between parks users and the Parks & Recreation Department. The Parks and Recreation Committee prepared this Guide, with special thanks for the work of Robert Fanuzzi and Christina Taylor.

We believe that our neighborhood is a great place to live and we hope that this Guide assists our neighbors in locating and appreciating nearby green space and outdoor activities.

Sincerely,

Rosemary Ginty
